

Tenison Road, You are...

Celebrating the
125th anniversary
of our road.

Cannons Green Tenison Road
27th July, 12:00-15:00

We're having a street party for the residents of Tenison Road (and adjoining streets) to celebrate this special anniversary and to share results from the data activities the community have been involved in over the last year.

**Please join in this lively
community event**

There will be drinks and food, music and entertainment for all ages, and data-related activities to get involved with.

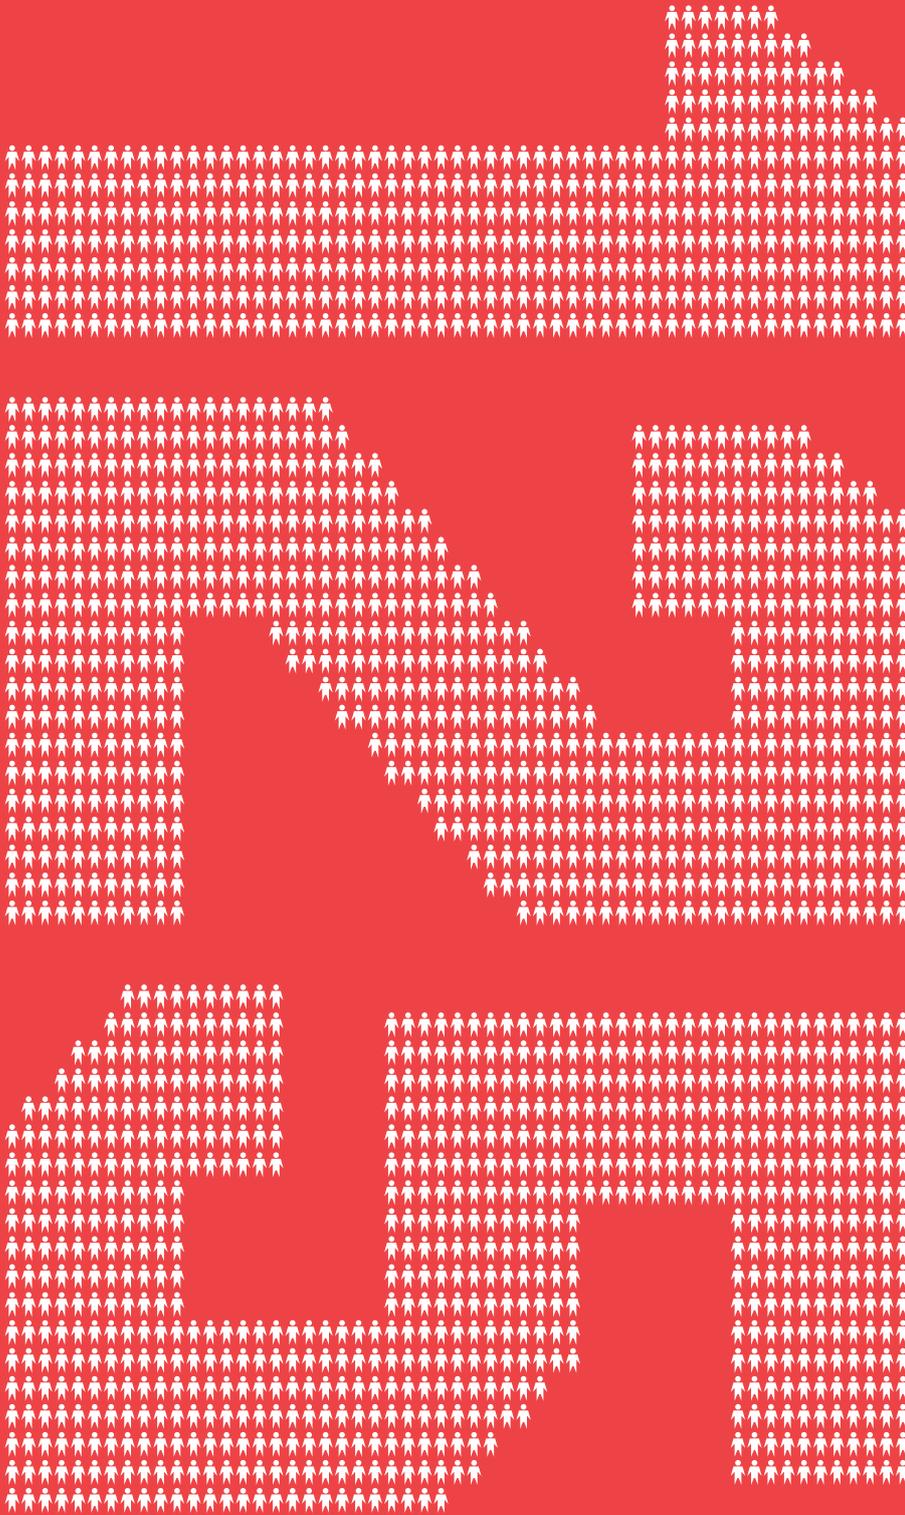

We need your help

We're keen to have more community engagement so please do get in touch to volunteer or make any requests. As with previous community events we will ask that you also bring food to share with family, friends and neighbours.

A historical archive for the road

If you'd like to contribute to this, perhaps an old photograph on the road or in your house, historic deeds to your house, or even just a story that we can capture on the day, please bring your contribution along to the party.
